PROFESSIONAL SUMMARY

Computer Science Engineering student (B.Tech 2026) with hands-on internship experience in MERN Stack development. Proficient in Java, JavaScript, Node.js, React.js, REST APIs, and SQL/NoSQL databases. Strong foundation in Data Structures & Algorithms (250+ problems solved), OOP, and DBMS. Eager to contribute to end-to-end product development within an Agile engineering team.

TECHNICAL SKILLS

Languages	Java, JavaScript
Frontend	React.js, Redux Toolkit, HTML5, CSS3, Tailwind CSS
Backend	Node.js, Express.js, REST API Development, Web Services
Database	MongoDB (NoSQL), Firebase, MySQL, SQL Fundamentals
Core CS Concepts	Data Structures & Algorithms, OOP, DBMS, Problem Solving
Tools & Practices	Git, GitHub, VS Code, SDLC, Agile Fundamentals

WORK EXPERIENCE

Software Developer Intern | Tatva Wellness Pvt. Ltd. | gitlab.com/ritik25 *Jan 2025 – Present | Remote*

- Developed OTP-based login and email verification using React.js and Firebase, improving authentication security and onboarding flow.
- Built reusable UI components with React.js and Tailwind CSS; integrated REST APIs for authentication workflows with backend teams.
- Designed responsive interfaces improving cross-device UX; participated in code reviews maintaining high software quality standards.

PROJECTS

MyVillage – Village Management Platform – *MERN Stack | MongoDB, Express.js, React.js, Node.js*

- Built full-stack web application for village administration with role-based authentication (Admin/User) using JWT.
- Designed and exposed RESTful APIs for complaint and scheme management following REST API and web service best practices.
- Implemented responsive UI with Tailwind CSS; collaborated end-to-end from MongoDB schema design to frontend deployment.

Expenzo – Expense Tracker Web Application – *MERN Stack | MongoDB, Express.js, React.js, Node.js*

- Developed full-stack expense tracker with user authentication, REST APIs for CRUD operations, and dynamic financial dashboards.
- Built charting-based insights dashboard to visualise spending patterns and help users track budgets in real time.

EDUCATION

B.Tech – Computer Science Engineering *2022 – 2026*
Shri Vaishnav Vidyapeeth Vishwavidyalaya, Indore | CGPA: 7.8 / 10

Class XII – MPBSE | Amlaha Public Higher Secondary School | 88% *2022*

Class X – MPBSE | Amlaha Public Higher Secondary School | 96% *2020*

ACHIEVEMENTS & CERTIFICATIONS

- Solved 250+ Data Structures & Algorithms problems in Java, demonstrating strong analytical and problem-solving ability.
- NPTEL Certified – Data Structures (Java), Database Management Systems (DBMS), and Soft Skills.
